# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 4, 3, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

I have ~~learned~~ learned that Cox is about to sell his horse  
and I think it is for the purpose of getting money to get  
away on. I have sent word to the persons that I understood  
were about buying the horse that they would be liable to  
arrest for abetting deserters. I would be glad if you would  
write and give your opinion on the subject.

Perry County, MO Feb 28<sup>th</sup> 1864

Nov. 1895. This paper was formerly  
filed with the records of the Provost  
Marshal 3rd District of Missouri in  
the Archives Div. M. B. O.

Capt

I made an arrangement with Sgt Adler of the 36<sup>th</sup> MO  
Vol. to assist me in capturing M. Cook of "Tame Regt".  
Accordingly on the night of the 22<sup>d</sup> we proceeded to his house  
but when we got near to where he lived we learned from one  
of his neighbors that there had been a squad of the MO 2<sup>nd</sup>  
after him the night before and acted pretty rude and nearly  
frightened his oldest son to death, when we arrived at his  
house we were satisfied that he had been about and could  
be captured within twenty-four hours, but the boy was deliri-  
ous and pained with fever, we concluded it would be  
an inhuman act to arrest him under such circumstan-  
ces, I concluded to remain in the neighborhood a few days  
and try to capture him if the <sup>boy</sup> should get better, but finding  
that he appeared to get no better I left on the 6<sup>th</sup> and went into  
Cape Girardeau County about 18 miles, to try to learn the wherea-  
-abouts of one of the Debolds that I suspected was somewhere  
down there, a man had been in Appleton supposed to be  
Debold but I could not find where he went, from the best  
information I could get he went back to Scott County.

I want to start to Cap Girardeau City and Scott County  
tomorrow or next day, and will be gone some 7 or 8 days  
I have ~~found~~ learned that Cox is about to sell his horse  
and I think it is for the purpose of getting money to get  
away on. I have sent word to the persons that I understood  
were about buying the horse that they would be liable to  
arrest for abetting deserters. I would be glad if you would  
write and give your opinion on the subject.

PAR. 124. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. # FINAL STATEMENT

OF  
Sergeant *Henry M. Wright*  
30<sup>th</sup> Reg't of *Inftry*

## VOLUNTEERS.

*Died Sept 13 1864*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment covered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwages must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

ADJUTANT GENERAL'S OFFICE.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty, and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. j.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1250 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

# FINAL STATEMENT

*Gabriel Subachon*  
Co. A. 30. Reg't of Missouri Infantry

## VOLUNTEERS.

*Chad. Aug 27 1863 68*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or destruction of arms, equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on these statements.

NOTE 6.—Amounts due the Soldier and his family must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

ADJUTANT GENERAL'S OFFICE.

The "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander, and having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing received, and all other charges against him or in his favor, so as to complete a complete exhibit of his account. It will then be transmitted to the commanding officer of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the muster roll of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or partial.

War Department,

Adjutant General's Office,

Washington, June 3, 1865.

In reply to your letter requesting a Descriptive List of Francis  
Bates a Private in Company "B," 30<sup>th</sup>  
Regiment Mo. Co. Volunteers, I have the honor to furnish the  
following "Descriptive List" obtained from the records of this Office: which, from the  
want of the necessary data, (which is in the possession of the Company Commander,)  
is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

Francis M. Bates, a Private in Company "B,"  
30<sup>th</sup> Regiment of Mo. Volunteers, is —  
years of age; but no further "description" can be obtained from the files of this Office.  
He was enrolled on the 2<sup>nd</sup> day of Jan., 1864,  
at the town of St. Louis, in the State of Mo.  
by Capt. Adelman, and mustered into the service of the United  
States on the 2<sup>nd</sup> day of Jan., 1864, at the  
town of St. Louis, in the State of Mo.  
by Capt. Adelman, to serve for the period of three years,  
or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company for the months of  
March, April, 1865, that he was last paid by Paymaster  
Moses, on the 31<sup>st</sup> day of  
Oct., 1864.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if  
obtained at all, from his Company Commander.

REMARKS.

On the above Muster Roll, reported a Private  
"He received 18<sup>th</sup> Install. Bounty paid 394<sup>th</sup> Install.  
due 1<sup>st</sup> Oct. 1864, about such since Oct 15<sup>th</sup> 64."

Very respectfully,

Your obedient servant,

Samuel D. Beck

Assistant Adjutant General.

To  
A. E. B. Alexander

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company

the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements; the clothing  
account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the  
company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the  
company discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled  
upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not  
appear on his final statements from the fact that this list is incomplete or "partial."

# FINAL STATEMENT

OF

Joseph Ballard  
 30<sup>th</sup> Reg't of Missouri Infantry

VOLUNTEERS.

Died March 12, 1863

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. The accounts for back pay, &c., are settled by the Adjutant General's Department.

NOTE 4.—Charges for loss or injury to ordnance, accoutrements, and other miscellaneous charges, should appear under the heading "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family, not to be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement; otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h. p.*, &c., &c.; to describe particularly the disability, wound or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 129 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the department of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward two of these certificates to the Adjutant General United States Army, at Washington, D.C.; they will not under any circumstances be given into the hands of the soldier.

Sir

A man in the Hospital  
who has been insane since he came and for  
some years before enlistment and I desire to discharge  
him from the service. The fact that he has  
suffered under mental aberration being before  
entering the service had been very well established,  
and as soon as this fact was established I  
addressed a note to the Commander of Company  
Capt Back Co E 30<sup>th</sup> Missouri now in the  
Barracks

To this there has been no response and  
we are compelled to endure him here although  
constantly a disturber of the quiet government  
of the Hospital.

His name is John Barry Co E 30<sup>th</sup> Mis

Very respectfully yours

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and reenlistments—enlistment of volunteers, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment binds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in will must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

Reb. B. Beck of my Company is going to Philadelphia to visit his mother who is sick and not expected to live. He has received a furlough for this purpose. By order of Major General Vett.

He desires to obtain some employment in the next Quartermaster's train going down to Vera Cruz in order to defray his expenses.

He was enlisted by me and has served in my Company for more than a year. I can strongly recommend him as honest, active and perfectly temperate in his habits.

He has been in all the battles in the Valley of Mexico and conducted himself as a good and brave soldier.

This is to certify that Captain Robert B. Beck of  
Company A 5th Regiment Mo. Volunteers, has  
served as commander of said company from the  
1st day of June 1861 till the 12th of August to my

St. Louis Oct 12/61  
I take great pleasure in recommending  
Robert B. Beck formerly Captain of Co. A.  
5th Regiment Mo. Vols. of which Regiment I  
was Lt. Col. Captain Beck during his  
three months service proved himself not only  
a good disciplinarian but also a brave soldier  
and a gentleman. So much so that I gave  
him the appointment of Lt. Col. in the Regiment.  
I was authorized to raise by Genl Fremont  
for the three years service.  
I am confident that the Captain will fill  
any office to which he may be appointed with  
great credit to himself and to the entire satis-

Robert B. Lech, Captain Company  
 "E" 30<sup>th</sup> Mo Infantry, has been appointed  
 a duty station at this place and  
 application for his resignation from service.  
 I do hereby certify that I have carefully  
 examined this Officer and find that he has  
 Chronic Diarrhea during the last year.  
 I consider him unfit for duty at  
 this time. He also has Chronic  
 H. P. with occasional attacks of  
 dysentery which disqualify him for  
 active service.

Captain:

I would most respectfully apply for a Leave of Absence for twenty days upon the accompanying Surgeon's Certificate of Disability.

My condition has become so critical during the last two days, since the departure of the Regiment on Expedition, that I shall despair of recovery if it should be found necessary to postpone the above application until the return of the Division.

Certificate on which to found an applica-  
tion for leave of absence I do hereby certify  
that I have carefully examined this officer  
and find that he has suffered almost incess-  
antly since the first of last June a dysen-  
tery type of dysentery with a diarrhoeal  
form which has incapacitated him for  
duty during this time. It is my opinion he  
will not be able to resume his duties in a  
less period than thirty days from date  
that his recovery is doubtful, - and that  
an immediate change of climate is necessary

DUPLICATE WITH INVENTORY SENT 29 AUGUST

## VOLUNTEERS.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, the one to be at once received from the Paymaster the pay Sec. and him, and the other by the commissioned officer commanding the company, will certify to the act of the delivery of the duplicate certificate, on these certificates the holder is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment ordered on it. The discharge is to be given back to the holder by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be entitled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, etc., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5—Duty paid by State authorities and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the United States must be entered on the master roll on which the duties, excise, and other taxes, &c., is reported, as well as on the final statement. Otherwise, no amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 2.—Where a Soldier dies in Hospital or on detached service, his descriptive card is to be prepared to go out with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

and get them sent

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *4, 4, &c.*, &c.; to describe particularly the disability, wound, or disease, the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D.C., they will not, under any circumstances, be given into the hands of the soldier.

# ARTICLES OF WAR.

ART. 82. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

## ARMY REGULATIONS—EDITION OF 1861.

### DECEASED SOLDIERS.

Par. 122. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 82th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 123. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 124. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relative of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

## NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

## NOTE 2.

When a probable case for pension, special care must be taken to describe the degree of disability—as *1, 2, &c.*; to describe particularly the disability, with its extent, the extent to which it interferes with the use of any limb, or faculty, or affects the health, or capacity to perform duty; and will add, from the nature of the disability, the nature of the cause of the disability, and from the nature of the disability, the nature of the charges by Medical Director, or other authority, that the "disability" is a personal examination of the soldier, and origin of which are distinctly described in the certificate."

Par. 1280 Regulations for the Army.

Medical officers, when examining a soldier, shall take particular notice of the following diseases: epilepsy, convulsions, chorea, rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

## DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or if the troops are not attached to a division, to his corps, department, or other commander or officer in whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Matter in case of William Bellamy  
a Soldier at Alexander Barracks.

Bellamy enlisted in Co. G. 30<sup>th</sup> Mo. Vol.  
at St. Louis Oct. 1. 1862. He was injured by  
severely fracturing his ankle bone and  
sent to the Hospital in Hickory St. on the  
1<sup>st</sup> of Nov. where he remained until  
the 27<sup>th</sup> of Dec. when he was sent to  
Columbus, Ky., and soon after to Memphis,  
Tenn., and transferred to Fort Pickens.  
He remained at the Fort till about the  
12<sup>th</sup> of April 1863, when he was sent to the  
Hospital at Benton Barracks, where  
he was kept about two months, and  
then sent to Camp Gumble, where he was  
examined by the Medical Board and mark-  
ed for discharge, and a Certificate of dis-  
ability made out by Surgeon Reed. About  
the last of July he was sent by order of the  
Medical Director to Hickory St. Hospital to  
await the receipt of his descriptive roll,  
he remained about a month when he  
was directed to report to the Invalid Corps.  
About the 20<sup>th</sup> of Oct. he was examined  
by Dr. Alexander and again marked  
for discharge. Since which time he  
has been at Alexander Barracks.

Learning that the papers in his  
case including the Certificate of Dr.  
Reed had been turned over the Quar-  
termaster of the Dept. of the Mo. by Capt.  
Elliot, he respectfully asks that ac-

tion may be liab in his case and  
that he may be honorably discharged  
from the service and receive the  
balance of pay due him.

balance of pay due him.  
He has been awarded for discharge  
at three different times by exam-  
ining Surgeons, the last Examina-  
tion was by Surgeons Ship and  
and Smith on the 29th of March 1864

It appears fully substantiated.

# FINAL STATEMENT

OF

*James Bennett Smith, Jr.*  
*3<sup>rd</sup> Regt of Missouri Infantry*

## VOLUNTEERS.

*Discharged Sept 1863*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged provisionally to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer of the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to the effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statement of the time account and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to baggage, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State and Territories, but not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier from the United States may be entered on the master roll on which the descriptive list, discharge, &c., is reported, as well as on the final statement, other than the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements and duplicate, to the Second Auditor, Washington, D. C.

# FINAL STATEMENT

*Large John A. Bennett*  
*1st Reg't of Mo Vols Inf*

**VOLUNTEERS**

*Disch July 31/63*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer of the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of each of these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to personal horse equipments, and other miscellaneous charges, should appear under the heading of "Other Discharges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his dependents must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

# ARTICLES OF WAR.

ART. 93. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be secured for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

## ARMY REGULATIONS—EDITION OF 1861.

### DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93rd Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease. Which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 18—." If a legal representative receives the effects, it will be stated in the report. If the soldier leaves no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, and they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by a Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 18—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the representative of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him. One copy should be sent direct to the Adjutant General and one retained by the officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment binds to service. A soldier must, in all cases, precede payment of pay, bounty, pension, etc. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, or the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the recruiting officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *i. e.*, &c., &c.; to describe particularly the disability, wound or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1240 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

1. The certificate will be made out in duplicate by the surgeon, company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental detachment, or post commander, who will forward them, with their own endorsement thereon, through the proper channels to his division commander, or if the troops are detached to a hospital, to his corps, department, or other commandant of authority, whom the authority to the large extent from these instructions is delegated.

These certificates, after being received the action of the highest authority to which they are sent, will be returned, and through the same channel to the regimental post, or detachment commander, who will if the discharge is authorized by the endorsement of the proper authority sign the doctor's discharge, and the last certificate on the time; and that the soldier is furnished with the proper final statement of discharge, and forward copies of these certificates to the Adjutant General, United States Army, at Washington, D. C., they will not under any circumstances be given into the hands of the soldier.

[Extract.]

7. Upon the recommendation of the Acting Judge Advocate of the Department, and of his company commander, so much of the sentence of Private John B. Boe's, Co. "I," 30th Missouri Volunteers, now in confinement at Fort Jefferson, Florida, as remains unexecuted, is hereby remitted. He will be released from confinement and returned to his Regiment for duty.

Brig. Gen. John Newton, commanding the District of Key West and Tortugas, is charged with the execution of this order.

The Quartermaster's Department will furnish the necessary transportation.

BY COMMAND OF MAJOR GENERAL HURLBUT:

  
Captain and Assistant Adjutant General.

Headquarters Dept of the Gulf

Office Judge Advocate

New Orleans, July 31<sup>st</sup> 65.

Respectfully returned to Capt

J. C. Stone, Sr. of Genl.

The prisoner Private John

B. Bowles who makes this

application for release, was

charged with having assaulted

an employee of a Tuller, and

with having robbed said Tuller.

The testimony shows accused

in company with a number

of other soldiers who went

towards the Tuller's Tomb with

the avowed purpose of commit-

ting the robbery; but further

than this there is no testi-

mony which shows that accused

participated in the affair.

The sworn allegation of accused

that he would leave the party,

was (in the absence of proof

that he went into the Tuller's

tomb) sufficient to raise a doubt,

the benefit of which belongs to

prisoner.

The punishment recommended

is deemed sufficient for the

crime as proven, and upon

the evidence in the case, and

upon the certificate of good

character, and the recommendation

of his Commanding Officer it is

hereby respectfully recommended

that the execution portion of

the sentence be remitted, and

prisoner be returned to his

B 220 Dec 1165

Regiment for duty.

Upon request of Siv. Geo. B.  
Dowles, Co. 26 30<sup>th</sup> Mo. Vol. Infy (consolidated organization)  
formerly of Co. 3<sup>rd</sup>, - I take pleasure in testifying  
to his good and unexceptionable conduct, as a  
soldier and citizen, previous to the event for which  
he was tried by Gen. Court-martial and sentenced  
to imprisonment.

He has served nearly two years under  
my eyes and every opportunity was presented to  
me for knowing him thoroughly. The punishment  
which he has already endured, is more than  
sufficient to keep him, in the future, in the path  
of rectitude and duty.

If my humble petition should deserve  
consideration, I would most respectfully request  
that Siv. Dowles be pardoned for the  
over

Remainder of the period of his confinement, and

Question by the Judge Advocate

State your name,  
rank, Co. and Regt.

Answer. My name is Eugene Holzer Sgt. of  
Co. E. 50th Col. Inf.

Question by the Judge Advocate

State what you  
know of anything of the prisoners making  
an assault upon one Miles B. Knight  
an employee of W. S. Perkins Sutter of  
the 8th Col. Inf. on or about the  
11th or 12th day of June 1864. State all  
the facts

Answer

One evening I saw John Bowles, Hampshire,  
Kaler, and Smith about 150 yards from  
the Sutter tent. it was about 1 o'clock  
at night I think it was about the 11th  
day of June 1864. When I came up there  
John Bowles was about ten feet from  
the others. Bowles said that they were  
going to the Sutter. I saw that they were  
out a drunken spree. I heard them  
mention how they were going in on him  
(the Sutter) Some proposed to cut the ropes

Of the tent and then rush in on him. Humphreys who had a Revolver said "no if undelates to do anything I will shoot him." The prisoner wanted to take the Pistol away from Humphreys, prisoner proposed to have Humphreys give the Pistol to him or some other one who would not shoot. If he did not he would not go. They then started towards the Sullivan tent. Prisoner went with them. They went about 100 yards then rushed to a pile of bushes and got their hands full of bushes and then went on towards the tent. I heard the tent tear and heard them call to some one to surrender.

I heard some one say. I think was the Suller. "I surrender I will give you all that I have got" I saw several lights in the tent and five or six men had candles. I did not recognize prisoner. I don't think he was there. They threw a man down whom I supposed at the time to be the Suller. I heard the man cry out "don't choke me so, for God's sake don't kill me". I know the prisoner went as far as the bush pile. don't know but he went farther. he might have been in the tent. I then went immediately to my quarters and waited for the crowd to come back. Humphreys, Kaley and Smith came back together. Shortly after the prisoner came

I'm alone from another direction as if  
he had come from the city. I heard  
prisoner say that he would have to go  
back as something would be refused.  
I took it to be a goodly lot which he would  
I heard no more that evening. I heard  
the prisoners and the others before men-  
tioned. These men came to the prisoners  
quarters. I heard them talking about some  
money. They wanted to know who got it.  
I took it to be these men by their voices.  
from the conversation I should think  
there was about 350 dollars taken by  
some one and they were trying to find  
out which one had the money.

Prisoner said that he would try and  
find who had the money. prisoner said  
he had some of the money. they said  
some one had got the money for they  
knew it was there and now they would  
not divide. they said they knew that  
the Sutter had the money and it was  
stolen.

Question by the Judge. Advocate.

Did you hear the  
prisoner say anything about not having  
any money about a week before that  
time

- Answer.

Ten days or two weeks before I heard

Bowles and some other men under guard and at that time I heard him say if he could go to the company he would get some money to buy some whiskey. I took it by that that he had no money.

Sir

Col. Williams on yesterday forwarded me James  
Barton a parolee prisoner in charge of Mr. Turner  
an Attorney of Chillicothe Mo.

Mr. Turner is an old friend of the prisoner  
and desires to effect his discharge on the ground  
of minority at the time of his enlistment and also  
of his inability to perform the duties of a soldier.

My acquaintance with Mr. Turner commenced  
at the last Circuit Court at Chillicothe. He was  
counsel for Bratten and Harbaugh and obtained  
from Judge McFerran a writ of Habeas Corpus for their  
release. He is a reliable gentleman.

As the prisoner is evidently in good health I  
hope his case will meet with prompt attention.

Respectfully Yours Obdient Servt

 this affiant in any manner waive his

 said James the Bible family Record in  
 regard thereto. whose age is recorded therein  
 in these words of James M. Burberry  
 "born Oct 3 1845 in Winchester Ky," which  
 I declare is a true copy thereof so far  
 as said Record relates to the age of said

Genl. Quitari.  
Sir,

Mr Turner who will hand  
you this is in charge of a young man  
who has been taken up as a deserter.  
It seems from the evidence that he was  
taken prisoner near Brilburg and paroled  
since which time he has been at home  
and has never reported. His friends are  
very anxious to get him out of the service in consequence  
of his inability to perform the duties of a soldier  
and because he enlisted before he was of the  
proper age without his father's consent or  
knowledge. I do not know whether you can

can do any thing for him or not, if you  
cannot do any thing for him, you will I  
suppose do as I would be compelled to do put  
him in jail and send on the first opportunity  
Mr. Tamm  
to the court as depositions which he will show  
you that go to show clearly that he was  
not of lawful age when he enlisted.

I received your letter this morning, will  
send your pictures tomorrow.

In haste,

W. H. Anthony

To Major General John M. Schofield, Commandant  
of the Department of the Missouri

The Petition of James  
Burbray, respectfully states and shows, that he is  
now confined in "Schofield Barracks" in the City  
of St. Louis, Missouri, as a Prisoner, under and upon  
the charge of desertion from the Service of the United  
States, of which charge, so far as intention is concerned,  
at least, he is entirely innocent, that on the 27<sup>th</sup> day of  
September A.D. 1862, at the City of St. Louis, he enlisted into  
the Military Service of the United States, as a Private,  
in the then forming 34<sup>th</sup> Regiment of Missouri Volunteers,  
under Mr. Fisher then acting as the Colonel thereof,  
but failing in the organization of said Regiment, he  
(with others) was transferred to the 30<sup>th</sup> Regiment of Mis-  
souri Volunteers, Infantry, and assigned to Co. "K" of said  
Regiment, having previously belonged to Co. "D" in the said  
34<sup>th</sup> Regiment; that he was born on the 3<sup>rd</sup> day of Octo-  
ber A.D. 1845, as he has always been informed by, and  
understood from his Parents, and believes to be true;  
that at the time of such enlistment, his Father, David  
Burbray, was, and still is, living, near Chillicothe in  
the County of Livingston and State of Missouri and  
was not present at, or in any manner gave his consent,  
or assent to such enlistment, and had no knowledge of  
such intended enlistment, as he is informed and believes;

that, after being thus enlisted and assigned transferred  
as aforesaid, the Regiment, himself with it, went first  
from Baton Rouge, to Pilot Knob; from Pilot Knob  
to St. Genevieve, Missouri; thence, by Steamer, to Memphis  
Tennessee; thence to Helena Arkansas, thence to Little  
Rock Arkansas, where he was in two engage-  
ments; thence, he went with the force under General  
McClelland, to Arkansas Post, and was engaged in the  
fight there; and thence back to near Vicksburg; that  
while there, and on or about the 5<sup>th</sup> day of February  
A.D. 1863, he obtained permission from his officers to go  
out about  $\frac{3}{4}$  of a mile, to a farm, to get some tobacco,  
when himself, and two others, were taken Prisoners, by  
the Confederate forces, the 13<sup>th</sup> Regiment of Louisiana Cavalry,  
and taken by them, to Monroe, Louisiana, where he  
was Paroled, on the 5<sup>th</sup> day of February A.D. 1863, and  
from thence, he was forwarded to Little Rock Arkansas,  
where his Papers were countersigned, and he was set  
at liberty, to make his way back to his home, to the  
command to which he belonged, as best he could;  
that, after being so set at liberty, he made his way  
to his Father's House, in <sup>Springfield</sup> ~~Longston~~ County, Missouri,  
walking all the way, and obtaining the means of  
subsistence, as best he could, where he arrived  
some time in the month of May last, and where he  
has remained down to the time of his arrest on

the charge on which he is now confined as a prisoner,  
that he did not know, and was not in any manner  
informed, prior to his arrest, that it was his duty, or  
that it was necessary or proper, for him to report, to the  
Military, or other authorities, or he would have done so;  
that he was only eighteen years of age on the 3<sup>d</sup> day  
of October inst, and was entirely ignorant of his duties  
or liabilities in the premises; that he is wholly unable to  
endure the hardships of the Service, and has been during  
all the time since his return to his Father's house -

Therefore, he humbly prays, that he may be released  
from the charge of desertion, under which he is now  
suffering, and that in consideration of his age and of  
his enlistment under age, without the consent of his  
Father, and of his inability to undergo the hardships  
of the Service, that he may be discharged from or mustered  
out of the Service of the United States; and that,  
in case you cannot, or shall not think proper, to grant  
his prayer, as above set forth, he then asks you to  
forward this petition, and the papers accompanying  
the same, (to which he respectfully refers, to the Hon.  
the Secretary of War, for his action in the premises,  
and that he may be duly notified of such forwarding,  
and that, in the mean time, he may be relieved of his  
confinement, but sent forward to my Regiment -  
And as in duty bound, he will ever pray, &c.  
James M. Barber.

the charge on which he is now confined as a prisoner, that he did not know, and was not in any manner informed, prior to his arrest, that it was his duty, or that it was necessary or proper for him to report to the Military, or other authorities, or he would have done so; that he was only eighteen years of age on the 3<sup>rd</sup> day of October inst, and was entirely ignorant of his duties and liabilities in the premises; that he is wholly unable to endure the hardships of the Service, and has been during all the time since his return to his Father's house -

Wherefore, he humbly prays, that he may be released from the charge of desertion, under which he is now acting, and that in consideration of his age, and of his enlistment under age, without the consent of his Father, and of his inability to undergo the hardships of the Service, that he may be discharged from or mustered out of the Service of the United States; and that, in case you cannot, or shall not think proper, to grant his prayer, as above set forth, he then asks you to forward this petition, and the papers accompanying the same, (to which he respectfully refers), to the Hon<sup>ble</sup> the Secretary of War, for his action in the premises, and that he may be duly notified of such forwarding, and that, in the mean time, he may be relieved of the confinement, but sent forward to my Regiment - And, as in duty bound, he will ever pray, &c -

FINAL STATEMENT

*Richard Burtelow*  
30<sup>th</sup> Reg't of *Mo Infantry*

VOLUNTEERS.

*Recd Sept 3<sup>rd</sup> 1863*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family must be entered on the master roll on which the discharge is reported, &c., as reported, as well as on the final statement, otherwise the amount will not be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the 3d Auditor, Washington, D. C.

NOTE: This certificate will be issued should there be anything  
in the conduct or physical condition of the soldier  
rendering him unfit for the service.

[A. C. M. M.]

Commanding the Regt.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. p. &c.*, &c.; to describe particularly the disability, wound, or disease, the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward the papers to the regimental, detachment, or post commander, who will send them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the two certificates on this paper; so that the soldier is furnished with the proper final statements in duplicate, and forward both of them direct to the Adjutant General United States Army at Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.
